## Clearview Hard Hat Pinlock Harness

The CLEARVIEW caps are designed to be translucent with a see through peak. The see through peak allows the wearer to look upwards without the need to tilt the head back, causing discomfort in the neck over a prolonged period of time. CLEARVIEW also stops the need for the wearer to reverse the head harness in the helmet which normally allows the wearer to have clearer vision while looking upwards. The improved modern design of the attachment slot allows the CLEARVIEW helmet to accept most general 25mm and 30mm attachments that are in the marketplace (cap, attachable earmuffs, visor holder, etc). Made from high impact Polycarbonate - extra strong and robust, yet light weight.

Colours: Clear, Smoke, Red, Yellow, Blue, Orange, Green, Pink  
 Size: Adjustable Size  
 Branding Options: Pad Print

VENTED OR NON-VENTED OPTIONS

LOGO PRINTING AVAILABLE IN 8 LOCATIONS

MINERS HELMET AVAILABLE - METAL OR PLASTIC BRACKETS

CLEARVIEW BROADBRIM STYLE AVAILABLE

COLOURS:

- ABS helmets provide high impact resistance and are ideal for most applications where head protection is required.
- Polycarbonate helmets combine high impact resistance with the ability to withstand very high temperatures and are ideal for use in foundries and smelters.
- Non-vented versions are suitable for most applications and use in areas where dust ingress to the upper head needs to be minimised.
- Vented versions are ideal for those working in warm climates where the venting enables improved airflow around the head thus improving comfort.

A person is sitting on the ground at night, illuminated by the warm glow of a campfire. The fire is built on a pile of logs and rocks, with bright orange and yellow flames rising into the dark sky. The person is in the foreground, slightly out of focus, looking towards the fire. The background is dark, suggesting a night setting. There are decorative elements: a blue circle in the top left corner and a green circle in the bottom left corner.
